EXECUTIVE SUMMARY: MISSION

Description of the South Dakota National Guard Mission, Vision and Mission-Related Functions:

Mission: The South Dakota National Guard (SDNG) is a state organization, under the command of the Governor of South Dakota. At the same time, the women and men of the South Dakota Air and Army National Guard are reserve members of the U.S. Air Force and U.S. Army. The members of the SDNG may be called into active federal service by the President of the United States. The overall mission of the SDNG is to provide ready forces to support global and domestic requirements under the direction of civil authority.

Vision: The most professional, competent and reliable National Guard organization in the United States of America. Our values of loyalty, duty, respect, selfless service, honor, integrity, personal courage and excellence in all we do are reflective of our affiliation with the U.S. Army and Air Force and the state we live and work.

Core Competencies: The South Dakota National Guard adapted four core competencies we view as critical in our ability to meet our mission requirements to federal, state or local agencies seeking our services. The competencies are adaptability, personnel readiness, training readiness and logistics readiness. Our forces must be adaptable or able to adjust and operate in varying environments. Our personnel must be ready and physically, medically, administratively fit to meet the needs of our customers. Our force must be technically and tactically proficient to execute the mission. And lastly, our equipment must be available and maintained to sustain operations when the mission arises.

EXECUTIVE SUMMARY: ESSENTIAL ELEMENT A-F

Status of Policies: The Prevention of Sexual Harassment policy, the Equal Opportunity Military policy and Complaint Resolution Request procedures, the Equal Employment Opportunity policy, EEO Joint Complaints Processing guide and the Reasonable Accommodation and Request for Personal Assistance Services were all updated on 8 June 2019 during the transition to a new Adjutant General/Agency Head. These policies had been pending update in 2020, however were put on pause due to priorities required for the COVID response and in light of remote working of essential staff. All policies underwent staffing in FY21 and were republished and uploaded in the substantiated documents area. The Anti-Harassment policy and reporting procedures were published and are provided with this report.

Each employee is provided instructions on how to access the internal SharePoint for all agency policy memorandums during new employee orientation. The policies are posted on the agency internal and external websites and also on bulletin boards in all facilities. These policies are inspectable IAW the Command Inspection Program (CIP). Likewise, supervisors are required to have a performance measure in their Annual Performance Plan demonstrating their commitment to equality and anti-harassment policies, principles, and programs. As such, supervisors are evaluated on this performance measure during their annual performance appraisal. New and/or updated policies and procedures are distributed agency wide by the Human Resource Office upon publication and posted accordingly on the internal and external (public) websites to ensure all employees have 24/7 access.

My number one priority is "Taking excellent care of Soldiers, Airmen and their Families." This, along with the other top priorities, is published in a handout provided to all personnel and available on our internal and external websites. In addition to my priorities, diversity and inclusion are a specific line of effort on the SDNG strategic plan with measurable objectives being tracked and briefed routinely.

The office of Equality, Diversity and Inclusion (EDI) publishes quarterly minutes and program material which includes information on diversity, equality and inclusion program updates, training and other initiatives. Special Emphasis/Observance information is provided to all employees via email distribution and posting in all facilities as well as posted to the internal website for all EO practitioners, commanders, employees and units to access. The Equal Employment Manager, distributes the DEOMI approved and published observance posters and informational Power Point files to all employee's and EO practitioners so they can further post/publish in their respective facilities and websites. When supervisor training (initial or refresher) is provided, supervisors are presented training on EEO/EO, Diversity and Inclusion programs and complaint processes, Merit Promotion Program updates, Employee Development/Training updates, Alternative Dispute Resolution (ADR) and Federal Employee Assistance Program (FEAP) updates. In addition to these training opportunities we conduct annual No FEAR training either in a classroom setting or via online training for all civilian employee's, their supervisors and new employee's. Our military personnel are required to take the training biennially and this training is tracked in the EDI office. We currently post quarterly No FEAR information on our external or public website and ensure the data is reported to the EEOC through the annual 462 report. Additionally, we conduct the required Defense Equal Opportunity Climate Survey's (DEOCS) in all of our units, which covers the majority of our full-time employees. We utilize exit surveys for all full-time employees retiring or leaving our organization and the Human Resource Office conducts employee engagement surveys.

The SDNG was the first National Guard organization in the nation to utilize a Labor Management Partnership Council (LMPC). This council brings labor and management together to identify any practices or policies creating barriers for our employees or applicants. Chief, National Guard Bureau Instruction/Manual 1400.25, Vol. 752, National Guard Technician and Civilian Personnel Discipline and Adverse Action Program, provides guidance concerning disciplinary penalties for employees who have been found in violation of policies. Any disciplinary action proposed and/or taken is staffed with the appropriate functional specialist/office/agency (i.e. Labor Relations Specialist, Staff Judge Advocate, Inspector General, Bargaining Unit) prior to implementation. Employees are encouraged to use the Alternative Dispute Resolution (ADR) process for conflict and/or complaint resolution. Supervisors and managers will participate in requested ADR. National Guard Bureau provides ADR assistance upon request, however we have several trained collateral mediators in our work force. Complaints received by this agency are tracked on a locally produced spreadsheet by the EEM. This agency uses collateral EEO counselors for pre-complaint processing and counseling complaints. The Adjutant General, as the Agency Head, has final settlement authority. The state Staff Judge Advocate (SJA) handles all EEO legal reviews and is also the agency representative in complaints. However, alternate Judge Advocate General (lawyers) officers from the Air Guard, NGB or neighboring Federal or Active Duty agencies are available. This agency has not, during this reporting period, processed any formal EEO complaints, been issued an Equal Employment Opportunity Commission (EEOC) order or administrative decision, nor had to issue any orders. If an order is issued, the agency will take all necessary steps to comply. Final agency decision (FAD) authority is held by the head of the agency or the Adjutant General for the SDNG. We no longer fall under NGB authority or coordination for EEO procedures or complaints.

2020: Fiscal year 2020 proved to be a year of challenges for the South Dakota National Guard with the required response to COVID 19 and balancing our state and federal mission requirements to be ready when needed to support all fronts.

We put our essential full time staff, including civilian T5 employees, military technicians and Active Guard/Reserve employees on mandated telework. This created a constraint on our agency to continue to provide services to our employees with the necessary IT requirements – something this agency had never done in the past. This also required some transition time to re-configure work routines and communication. In addition to the telework transition, several of our employees were adjusting to the closure of schools and day care programs. In light of all the transition and changes, we made quick adjustments to meeting access and schedules internally as well as with our state and federal stakeholders to continue to support and be ready. With the majority of our workforce either teleworking or basically locked down our capacity to conduct face-to-face training, hold any kind of official observances or events or workshops were significantly impacted from basically February of 2020 through the rest of the fiscal year and beyond. Even to the date of this report TDY restrictions are still impacting attendance at any resident training or workshops around the nation.

The EEM continues to refine the EEO formal complaint processing to include acceptance, dismissal actions, final agency decisions, and all subsequent federal appeal processes. The EEM, continually refines the Reasonable Accommodation and Personal Assistant Services request and operating policy and procedures and strives to maintain firewalls between the Disability Program/Reasonable Accommodation Request processes, legal reviews of complaints,

EXECUTIVE SUMMARY: WORKFORCE ANALYSES

Barrier Analysis: The total labor force for the SD National Guard increased from 407 in FY19 to 481 in FY20. This is a gain of 74 additional employees or 18.18%. Our agency showed under-representation in all demographics regarding females to include all minorities and under-representation in all categories regarding minority males as well. However, we experienced an increase in several minority male race categories per table A1. The SD National Guard recruits the majority of full-time employees from the military labor force - enlisted or commissioned officers in the Army and Air National Guard based on the dual-status technician/Title 32 Excepted Service program requirements. This program requires the technician Title 32/excepted service employee to be a member of the Air or Army National Guard as a condition of employment. Our full-time workforce is mostly reflective of the military labor force and our recruitment efforts are inclusive in marketing and branding to most minority areas in order to increase our demographics or the available pool in all areas. The Native American population, which is the largest minority race in our state based on the alternate benchmark for SD at 8.9% of the state's population, shows a 1.04% for males and 0.21% for female's participation rate in our workforce as compared to roughly 4% of the military labor force. Our total numbers went down 1 person from last year overall. The states female population stands at 49.8% and there is a 14.76% participation rate in our workforce as compared to the 18% average participation rate of women in the military labor force. We realized a decrease of 3.18% based on an increase in workforce overall, however we have a net loss of 2 female employees based on the actual numbers. Overall the gender gap has increased from last year by 2.74%. The category of two or more Races represents 2.1% of the state's population and there is 1.66% participation rate for male and .62% rate for females. These percentages have increased since last year and we realized a net loss of 1 female and a gain of 2 male employees impacting this area. In comparison to the minority race average percentage of 1.5%, participation in the military labor force across all races, but excluding Native Americans already discussed, there is potential to experience increases with focused full time recruiting. These areas continue to be a challenge for our organization while we continue to market towards the military labor force for the Title 32 vacancies and offer more opportunities to the civilian labor force with the increase in Title 5 positions within our organization

We had 386 full-time dual-status (Title 32) military employees who must meet the military fitness and medical requirements for military membership in the South Dakota Army or Air National Guard. We employed 95 non-dual status civilian (Title 5 excepted or competitive) service employees. We have 12 employees from our total work force whom voluntarily identified having a disability and no employees whom identify with a targeted disability in our workforce. In the fall of FY19 we initiated the process to resurvey our employees for voluntary identification of disabilities and plan to conduct another survey every two years. FY21 is the next projected year for the resurvey. In the consideration of PWD or PWTB percentages, and excluding the Title 32 positions requiring military fitness and medical requirements, the following analysis is provided using the Title 5 permanent workforce numbers and PWD or PWTB voluntary identification information.

The total number of Title 5 employees for FY20 is 95 and 90 are permanent and 5 are temporary. The total number of PWD employees in this category is 12 or 12.63%. The total number PWTB employees in this same category zero and reflect a loss of 1 employee in this category. If we break this down to consider the 90 permanent workforce employees then we are looking at 11 PWD employees or 12.22% and no PWTB. There are also no PWD employees and only 1 PWTB employee, or 20%, in the temporary category. These percentages indicate our numbers and overall percentages have decreased from FY19 to FY20 in the PWD or PWTB categories. However we are just above the 12% for PWD and will need to refocus our efforts to meet the 2% PWTB requirement. Hopefully, we will gain ground in the FY21 projected resurvey of the T5 full time workforce for the voluntary identification of PWD/PWTB. In light of the decreasing number, we feel our agency is still overall inclusive of PWD and PWTB to include highly promoting the use of Veterans preference which include disabled Veterans as well.

The SDNG incentive awards pamphlet is reviewed annually and HR provides additional guidance and budgetary information annually and/or as needed when funding is available. Last year both the Army and Air Guard authorized time off, cash and quality step increase awards. The agency also supported cash awards for the technician (employee) of the year award and sponsored passes (time off) awards for our active/reserve military employee of the year. FY20 proved to be similar to past years for awarding employees in both time off and cash incentives. There were 2 time off awards for category 1-10 hours with 100% of those awards going to men. The participation rate for time off awards of 11 hours or more with a total of 193 awards, men received 183 verses women receiving 10. This indicates men were awarded 94.82% of the awards verses women receiving 5.18%. Regarding the inclusion rate, men were awarded time off at a 9.42% higher inclusion rate verses women. So the rate of awarding time off is not equal.

In the participation rate for the category of cash awards of \$500 or less, there were 32 total awards with men getting 26 or 81.25% and women getting 6 or 18.75% of the awards. The inclusion rate shows 6% of the men received awards and 8.9% of the women in the organization received the cash awards with the difference being women are awarded cash at a 2.9% higher rate and the award isn't distributed equally among genders. The category of cash awards for \$500 or higher shows higher number of awards than the previous category. There were 39 total awards, with 37 or 94.87% going to men and 2 or 5.13% going to women. The inclusion rate is more dramatic with 9.4% of the men included in this award and only 2.9% of women. This award is not equally distributed among the genders. Lastly, in the category of Quality Step Increases, there were 20 total awards with 14 or 70% going to men and 6 or 30% going to women. The inclusion rate shows 3.57% of men were included verses women at 8.95%. Women out pace men in this category, however the average cash award shows men getting \$2536.36 verses women getting \$2143.83 per awards.

So even though the participation rates in 2 categories above make it appear women are included/awarded at a higher rate than men, women are still awarded \$392.53 less cash than men in the quality step increase category and overall. The dollar for dollar cash award, between all three categories involving cash awards equals \$127,471.00. Cash awards made to men equaled \$111,370.00 or 89% of the cash. Cash awards made to women equaled \$16,101.00 or 11% of the cash. With only the inclusion exception in the within grade and lower cash award categories, overall men are awarded with cash and time off at a higher rate than women and the awards are not distributed equally in participation or inclusion among the two genders. There are 71 women in the total workforce or 14.76%, so the 11% of the cash distribution of awards shows women are not included equally. These are repetitive triggers since FY17 and the analysis indicates there is very little participation and inclusion of women in the upper levels of management in the organization, to include the military upper ranks of 05/Lieutenant Colonel and 06/Colonel which is equivalent to the GS ranks of 13 and 14. In fact there is only one women that made 06/Colonel at the end of FY20 and is serving in a GS14 position and one women in a temporary GS13 grade during this reporting period. The cash awards for

DOD DNGB South Dakota National Guard

EXECUTIVE SUMMARY: WORKFORCE ANALYSES

women serving in lower level ranks contributes to lower award levels as well.

Awards for PWD/PWTD indicate decreasing rates of participation when considering 90 permanent employees overall and 1 employee received a time off award, however increasing rates of participation where 5 received cash awards. This indicates an inclusion rate of 3.23% for time off, but 42.86% for cash. There were zero awards for quality step increases. These rates indicate decreasing inclusion of PWD/PWTD in the incentive awards program based on decreasing numbers in the PWD/PWTD categories. The switch from time off to cash awards also indicates, as these employees become eligible for cash awards, they are being included in the consideration and awarding of cash. The establishment of an affinity group, such as a Special Emphasis Group focused on Persons with a Disability/Targeted Disability and hiring Disabled Veterans is being considered for future implementation. This may go along with continued attempts to confirm our authority to utilize hiring authorities like Schedule A. We current utilize Veterans preference and we are looking at options to hire interns through the Work Force Recruitment Program.

EXECUTIVE SUMMARY: ACCOMPLISHMENTS

Other agency initiatives and information: The South Dakota National Guard honored all required DoD special observances & celebrations in FY20 with a focus on the Military Women's Program (similar to the Federal Women's Program), and Native American cross-culture engagement. These are the major affinity groups working on increasing diversity and inclusion through our SDNG Army and Air Diversity councils. The South Dakota National Guard is a member and active participant in the Combined Federal Campaign, supports an annual food and clothing drive, Scouts of America, and conducted numerous wood haul missions to the Native American reservations during annual training in June to provide fuel to families during the winter months. We also conducted two vaccination missions to the reservations this year. This past year COVID proved to be a challenge to the South Dakota National Guards effort to continued to meet with tribal leaders and county veteran service officers to enhance relationships throughout South Dakota in the areas of cultural exchange, recruiting/retention, social/economic development and training. The majority of the face-to-face exchanges stopped all together, however we pivoted with our IT capabilities where possible, and similar to other organizations, attempted to switch our meetings, training events and workshops all on line. However, COVID had a significant impact on our capacity to conduct training.

The South Dakota National Guard maintains a state partnership program with the country of Suriname since June of 2006. Through our partnership we exchange programs, best practices, and culture towards building an enduring relationship, force readiness, crisis management, and military professional development. We generally conducted military related engagements with our partnership country 10 to 14 times a year and maintain a full time liaison working in the country of Suriname to facilitate the partnership, the engagements and continuity of the official relationship. We were only able to conduct 4, face-to-face exchange and 1 virtual exchange in FY20. The focus of the exchange engagements range from leadership, military discipline and traditions, gender integration of women in the military to cultural and diversity education.

In 2017 we created an innovation and advisory committee called TAGVISE. This committee act as an advisory committee to the Adjutant General and the Coordinating Staff regarding opportunities for improvement and innovation focused on improving the efficiency and effectiveness of the South Dakota National Guard. The committee's vision is to drive change through innovation, continuous process improvement and strategic planning integrated across the force. Committee members apply for membership on the committee and service a two year term upon appointment.

South Dakota continues to focus on recruiting quality service members, retaining our current force, increasing our diversity in under-represented groups such as women, Native Americans and Hispanic population groups and managing the overall attrition within its ranks. In South Dakota the mission and success of our Recruiting and Retention teams (Air and Army) greatly impacts our military labor force; again, upon which we draw the majority of our full time workforce. In light of the COVID environment, our leadership continues to engage with the superintendent of the Sioux Falls School District to open communication and avenues into the schools for recruiting personnel to engage. The schools within the Sioux Falls district are some of the most diverse in the state of South Dakota and is one the Adjutant Generals personal priorities to facilitate and broaden the diversity of our military labor force. We offer and encourage all personnel to attend the "4 Lenses" training or other opportunity type training such as Unconscious Bias, Generational Diversity or Leadership Evolution and Challenge Programs. These courses will be scheduled starting in the 4th quarter of FY21 and continue to be available for all personnel. We were able to complete our annual No FEAR Act training requirements in FY20 as reported on the 462 report.

The agency maintains safe and accessible facilities across the state. We utilize a cell phone text or agency wide alert system for weather and other emergency related information. Federal Law requires agencies to provide annual Information Security Awareness Training to employees and contractors who have access to government computer systems. This is provided during new employee orientation and there is an annual refresher training requirement. The agency provides reasonable accommodations per the accommodation policy. This included utilization of the Computer/Electronic Accommodation Program (CAP) as much as possible in order to be responsive to requests and defer costs even in light of CAP removing the sit-to-stand stations as part of their program. No complaints were filed against the agency regarding reasonable accommodation in FY20.

EXECUTIVE SUMMARY: PLANNED ACTIVITIES

The Adjutant General's vision is to have "The most professional, competent, and reliable state National Guard organization in the United States of America." We will continue to enhance our organization by continuing to value our personnel and diversifying our military and full-time work force through retention and recruiting efforts to reflect our state's population. Each team member of our full-time force has been tasked to strive for a balanced and diverse work force mirroring the demographics of the great State of South Dakota. The South Dakota National Guard is an equal opportunity employer and we support and challenge all of our employees to rise to their fullest potential. This is not just based on regulatory requirements, but imbedded and aligned within our organizational values as well as my priorities and vision.

The agency has conducted an annual self-assessment of Section 717 and Section 501 programs against the essential elements as prescribed by EEO MD-715. If an essential element was not fully compliant with the standards of EEO MD-715, a further evaluation was conducted and, as appropriate, EEO Plans for Attaining the Essential Elements of a Model EEO Program, are included with this Federal Agency Annual EEO Program Status Report.

The agency has also analyzed its work force profiles and conducted barrier analyses aimed at detecting whether any management or personnel policy, procedure or practice is operating to disadvantage any group based on race, national origin, gender or disability. EEO Plans to Eliminate Identified Barriers, as appropriate, are included with this Federal Agency Annual EEO Program Status Report.

I certify that proper documentation of this assessment is in place and is being maintained for EEOC review upon request.

E.1.k. If the agency uses employees to implement any stage of the EEO complaint process, does the agency hold them accountable for poor work product and/or delays during performance review? [See MD-110, Ch. 5(V)(A)]

X

No formal complaints filed in FY20 or carried over FY19. We utilize collateral EEO counselors and mediators. Upon completion of the initial training requirements, we initiate a position description addendum through our HRO office, the employees supervisor and the EEM. This addendum, with the expectations, sets the foundation for the employee annual appraisals & input by the EEM as needed.

E.1.l. Does the agency submit complaint files and other documents in the proper format to EEOC through the Federal Sector EEO Portal (FedSEP)? [See 29 CFR § 1614.403(g)]

X

No formal complaints were filed in FY20 or carried over from FY19 for final processing. However, The SDNG Joint Technician and Civilian complaint processing guide stipulates these processes through out depending on the required actions - see paragraph 6.e.(6) - page 12.

[see MD-110, Ch. 1(III)(A); 29 CFR §1614.102(c)] If not, identify the office with this authority in the comments column.
--	--

The EEO Director if not the primary management official responsible for implementing the affirmative employment program - this falls to the HRO. The EEM does conduct a limited barrier analysis to identify triggers and barriers/discrimination in various personnel processes, but the HRO, with delegated authority by the Adjutant General, carries the authority and responsibility for those processes where full time manning/hiring/firing/recruiting, etc are concerned.

Do EEO program officials participate in agency meetings regarding workforce changes that might impact EEO issues, including strategic planning, recruitment strategies, vacancy projections, succession planning, and selections for training/career development opportunities? [see MD-715, II(B)]
--	--

The EEO Director/EEM participated in past agency strategic planning on a limited basis specifically regarding our Line of Effort (LOE) #4/Increase Diversity & Inclusion. This LOE focused on diversity and inclusion primarily regarding the military labor force. Currently, the agency strategic plan does not incorporate the EEO program specifically nor is the EEM included in the strategic planning sections regarding recruitment strategies, vacancy projections, succession planning or training seat selections and development opportunities. In 2020 LOE was removed and embedding D&I in LOE 1-3 was required to ensure D&I was inherit to the agencies strategic plan.

PART H.8

Brief Description of Program Deficiency:

B.4.a.2. to enable the agency to conduct a thorough barrier analysis of its workforce? [see MD-715, II(B)]

The EEO Director/EEM conducts a basic barrier analysis based on the agency size of less the 500 permanent workforce. The processes are somewhat stove-piped with the EEM primarily seeing the analysis and little participation by HRO or other agency SME's input or visibility of potential triggers/barriers within the purview of the analysis. The EEM conducts the basic analysis primarily due to limited manpower and time available in the EEO office.

Objectives for EEO Plan

Date Initiated	Target Date	Date Modified	Date Completed	Objective Description
08/01/2020	10/01/2021			Continue to work with HRO for data, participation and additional manning for the EDI office and the barrier analysis process. Monitor transition from DCPDS (application/data base of record for all technician workforce data) to DCHRMS with NBG-TN and conversion to 2.0 tables. Work with applicant flow data provided by NGB and analyze how SDNG is advertising vacancies through USA Staffing/Jobs for competition and hiring. Incorporate manual processes for the capture of applicant flow data.

Accomplishments

2019	NGB provided applicant flow data and modified DCPDS data for the new reporting requirements for the MD-715 report. The data was better but we still have issues with inputting relevant and accurate data to ensure we are getting accurate reports for analysis. Some of the internal/external vacancy announcements have returned to offline/manual process for advertisement and processing out of HRO - this will change the process for the collection of applicant flow date for those applicable vacancies.
2021	pending a manpower study from NGB. PD's were re-written and pending approval by TCP at NGB

PART H.9

Brief Description of Program Deficiency:	C.2.b.2. Has the agency established a firewall between the Reasonable Accommodation Program Manager and the EEO Director? [see MD-110, Ch. 1(IV)(A)]
--	--

The EEO Director/EEM is the Disability Program Manager/Reasonable Accommodations Request Coordinator and facilitates all requests for RA/PAS for the agency between the employee requesting the RA/PAS to management for final approval. Outside of the approval process, the EEM is involved in the RA/PAS request process.

Objectives for EEO Plan

Specific Workforce Data Table:	Workforce Data Table - A1	
STATEMENT OF CONDITION THAT WAS A TRIGGER FOR A POTENTIAL BARRIER: Provide a brief narrative describing the condition at issue. How was the condition recognized as a potential barrier?	Workforce data tables A1-A5, A7 and A8 indicate women are under-represented across the workforce with an overall participation rate of 14.76% of the total workforce in comparison to the state/South Dakota civilian labor force of 49.8% and the SD National Guard military labor force of 18.3% available to compete for full time vacancies in the agency.	
STATEMENT OF BARRIER GROUPS:	<i>Barrier Group</i> All Women	
Barrier Analysis Process Completed?:	Y	
Barrier(s) Identified?:	Y	
STATEMENT OF IDENTIFIED BARRIER: Provide a succinct statement of the agency policy, procedure or practice that has been determined to be the barrier of the undesired condition.	Barrier Name Under-Representation of Women in the Full Time Labor Force	Description of Policy, Procedure, or Practice The military and GS/T32/Technician structure in our workforce is inter-dependent upon each other. The majority of the higher lever positions above the GS12 level are Title 32/dual status positions and require military membership to apply or hold them at various ranks from E8, W3 to 03/CPT or higher. Or, these positions are held by Title 32 Active Military Members (Active duty tours). The pool of women at the applicable ranks available to compete averages from 8% on up to 25% and has increased from FY18. This means more women are available to compete for vacancies. Currently policies do not require competing the military equivalent positions for fill - these positions are filled through a board process utilizing a list and pick process to fill equivalent or the competitive positions for the corresponding full time vacancy and/or compatible positions - or the personnel do not meet merit placement criteria to compete. We must also consider retention of women in higher ranks.

MD-715 – Part J
Special Program Plan
for the Recruitment, Hiring, Advancement, and
Retention of Persons with Disabilities

To capture agencies' affirmative action plan for persons with disabilities (PWD) and persons with targeted disabilities (PWTD), EEOC regulations (29 C.F.R. § 1614.203(e)) and MD-715 require agencies to describe how their affirmative action plan will improve the recruitment, hiring, advancement, and retention of applicants and employees with disabilities.

Section I: Efforts to Reach Regulatory Goals

EEOC regulations (29 CFR § 1614.203(d)(7)) require agencies to establish specific numerical goals for increasing the participation of persons with disabilities and persons with targeted disabilities in the federal government

1. Using the goal of 12% as the benchmark, does your agency have a trigger involving PWD by grade level cluster in the permanent workforce? If “yes”, describe the trigger(s) in the text box.

- | | | |
|-------------------------------|--------|----|
| a.Cluster GS-1 to GS-10 (PWD) | Answer | No |
| b.Cluster GS-11 to SES (PWD) | Answer | No |

Title 5 Civilian Employees: The overall agency PWD percentage of our current Title 5/Civilian workforce is 12.63% and above the 12% mandate. The breakout between the two categories of employees is almost even per number of individuals with 6 PWD identifying in the GS10 or lower grades and 5 PWD identifying in the GS11 or higher grades. We do not have any SES employees. Title 32/Dual Status Military Technicians: The majority of our workforce is T32/Military Excepted Technicians and required to serve in the SD National Guard as a condition of their military technician employment and are subject to military fitness and medical standards and not considered in this section of the MD715 report.

*For GS employees, please use two clusters: GS-1 to GS-10 and GS-11 to SES, as set forth in 29 C.F.R. § 1614.203(d)(7). For all other pay plans, please use the approximate grade clusters that are above or below GS-11 Step 1 in the Washington, DC metropolitan region.

2. Using the goal of 2% as the benchmark, does your agency have a trigger involving PWTD by grade level cluster in the permanent workforce? If “yes”, describe the trigger(s) in the text box.

- | | | |
|--------------------------------|--------|----|
| a.Cluster GS-1 to GS-10 (PWTD) | Answer | No |
| b.Cluster GS-11 to SES (PWTD) | Answer | No |

Title 5 Civilian Employees: The overall agency PWTD percentage of our current Title 5/Civilian workforce is zero and below the 2% mandate. We have one PWTD in FY20 and they have retired. We intent to resurvey our workforce in FY21 for voluntary identification of disabilities and hope to gain some ground in this area. We are currently working with National Guard Bureau to determine final authority for the use of Schedule A in excepted service. Title 32/Dual Status Military Technicians: The majority of our workforce is T32/Military Excepted Technicians and required to serve in the SD National Guard as a condition of their military technician employment and are subject to military fitness and medical standards and not considered in this section of the MD715 report.

3. Describe how the agency has communicated the numerical goals to the hiring managers and/or recruiters.

During the annual MD-715 briefing to the Agency Head and Senior Leaders/Directors, at a minimum, is where the numerical goals are communicated. The Human Resource Officer is aware of the numeric goals and the exceptions to competition for hiring PWD/PWTD through Schedule A. We do not have full time recruiters on our staff outside of the standard staffing specialist. We also communicate the numeric goals to our supervisors/nominating and hiring officials through the annual and refresher supervisors courses and hiring workshops.

Section II: Model Disability Program

Pursuant to 29 C.F.R. § 1614.203(d)(1), agencies must ensure sufficient staff, training and resources to recruit and hire persons with disabilities and persons with targeted disabilities, administer the reasonable accommodation program and special emphasis program, and oversee any other disability hiring and advancement program the agency has in place.

A. PLAN TO PROVIDE SUFFICIENT & COMPETENT STAFFING FOR THE DISABILITY PROGRAM

1. Has the agency designated sufficient qualified personnel to implement its disability program during the reporting period? If “no”, describe the agency’s plan to improve the staffing for the upcoming year.

Answer Yes

The Equal Employment Manager (EEM) is currently the trained Disability Program Manager for the agency. The EEM also serves as the Reasonable Accommodations Coordinator for all RA/PAS requests. The EEM attended the Disability Program Managers course at DEOMI. The agency will continue to analyze these programs for the need of additional personnel to support the processes.

2. Identify all staff responsible for implementing the agency's disability employment program by the office, staff employment status, and responsible official.

Disability Program Task	# of FTE Staff By Employment Status			Responsible Official (Name, Title, Office Email)
	Full Time	Part Time	Collateral Duty	
Section 508 Compliance	0	0	3	Steward Muzzy Director - Information Management stuart.j.muzzy.mil@mail.mil
Architectural Barriers Act Compliance	0	0	2	Martin Yost Chief - Facility Management Office martin.r.yost.mil@mail.mil
Processing applications from PWD and PWTD	0	0	3	Carstin Jerzak EEM carstin.k.jerzak.mil@mail.mil
Special Emphasis Program for PWD and PWTD	0	0	1	Carstin Jerzak EEM carstin.k.jerzak.mil@mail.mil
Answering questions from the public about hiring authorities that take disability into account	0	0	3	Angela Sharpe Staffing Specialist angela.j.sharpe.mil@mail.mil
Processing reasonable accommodation requests from applicants and employees	0	0	3	Angela Sharpe Supervisor - Staffing Specialist angela.j.sharpe.mil@mail.mil

3. Has the agency provided disability program staff with sufficient training to carry out their responsibilities during the reporting period? If “yes”, describe the training that disability program staff have received. If “no”, describe the training planned for the upcoming year.

Answer Yes

The DPM attended the Disability Program Managers course at DEOMI, receives updated information at the annual EEOC Excel or FDR Workshops. Training over the new RA/PAS policy and request procedures will continue in FY20 with the current policy/ procedures and continue to be conducted in future FY's for managers and employees during the supervisors annual course and refresher training. Training for other personnel involved in processing RA/PAS is on going, as requests are processed, and as training needs are determined.

B. PLAN TO ENSURE SUFFICIENT FUNDING FOR THE DISABILITY PROGRAM

Has the agency provided sufficient funding and other resources to successfully implement the disability program during the reporting period? If “no”, describe the agency’s plan to ensure all aspects of the disability program have sufficient funding and other resources

Answer Yes

The agency supports the program with printing materials, website space and training time as needed. As RA/PAS requests are brought forward, the agency funds any requirements from the appropriate statutory funded account or re-programs funding to meet the requirement.

Section III: Plan to Recruit and Hire Individuals with Disabilities

Pursuant to 29 C.F.R. §1614.203(d)(1)(i) and (ii), agencies must establish a plan to increase the recruitment and hiring of individuals with disabilities. The questions below are designed to identify outcomes of the agency's recruitment program plan for PWD and PWTD

A. PLAN TO IDENTIFY JOB APPLICATIONS WITH DISABILITIES

1. Describe the programs and resources the agency uses to identify job applicants with disabilities, including individuals with targeted disabilities.

USAjobs affords us the option to utilize schedule A and applicable Veteran status as well as open vacancy eligible for PWD/PWTD applicants to apply. Applicants voluntarily identifying as a PWD/PWTD or as a disabled Veteran are visible to us as well as on board employee's voluntarily identifying through their records is another way for the agency to identify personnel within our organization with disabilities. Contact information is provided on the vacancy announcements and public websites for applicants needing accommodations in the applicant processes.

2. Pursuant to 29 C.F.R. §1614.203(a)(3), describe the agency's use of hiring authorities that take disability into account (e.g., Schedule A) to recruit PWD and PWTD for positions in the permanent workforce

Our HRO officer continues to work with National Guard Bureau to obtain the official authority to utilize schedule A for Title 5/civilian vacancies. The option is available on USASTaffing. We also consider Veteran status to include Veteran's with a disability in the hiring process. This option is also available in USASTaffing.

3. When individuals apply for a position under a hiring authority that takes disability into account (e.g., Schedule A), explain how the agency (1) determines if the individual is eligible for appointment under such authority; and, (2) forwards the individual's application to the relevant hiring officials with an explanation of how and when the individual may be appointed.

All applicant packets are forward to agency selection officials through the USASTaffing portal for both internal and external vacancies. Applicants currently meeting Veterans preference or a disability status are identified on the selection certificate and must considered under their preference category first. Once the staffing section determines the applicant meets qualification standards, and preference eligibility, the applicant is added to the certificate for further consideration. Supervisors are required to consider preferred applicants first and also provide significant justification for non-selection.

4. Has the agency provided training to all hiring managers on the use of hiring authorities that take disability into account (e.g., Schedule A)? If "yes", describe the type(s) of training and frequency. If "no", describe the agency's plan to provide this training.

Answer Yes

We conduct an annual supervisors training course, refresher courses and hiring workshops where hiring authorities, such as Veterans preference and Schedule A, are discussed as well as the RA/PAS policy/operating procedures. We also conduct quarterly EEO training on various topics, to include RA/PAS and we have monthly staff meetings where the current status of RA/PAS requests are updated and discussed. RA/PAS and other areas of concern are always considered when setting up/conducting employee/supervisor training.

B. PLAN TO ESTABLISH CONTACTS WITH DISABILITY EMPLOYMENT ORGANIZATIONS

Describe the agency's efforts to establish and maintain contacts with organizations that assist PWD, including PWTD, in securing and maintaining employment.

There are currently no universities in SD offering Workforce Recruitment Opportunities for agencies to utilize intern programs for hiring PWD/PWTD students. There isn't a recruiter in SD that works the WRP program to assist the universities in building the applicant process with the students in order to create a pool for consideration of these internships. We will continue to pursue this option but until a local recruiter for WRP is established, the applicant pool for our agency isn't available at this time in this program. We will continue to pursue contacts to find alternate or appropriate resources for requests and applicant pools as this program developed more in the future.

C. PROGRESSION TOWARDS GOALS (RECRUITMENT AND HIRING)

1. Using the goals of 12% for PWD and 2% for PWTD as the benchmarks, do triggers exist for PWD and/or PWTD among the new hires in the permanent workforce? If "yes", please describe the triggers below.

- a. New Hires for Permanent Workforce (PWD) Answer No
- b. New Hires for Permanent Workforce (PWTD) Answer No

The majority of our positions were not eligible for consideration or the hiring of PWD/ PWTD - these are the Title 32 dual status technicians and employees/ applicants are required to be in the National Guard and meet military fitness/ medical standards for serving. The majority of our vacancies were hired from internal and/or onboard workforce pools, also subject to military fitness/medical standards as a condition of employment. Out of 16 new hires, one person or 5.26% identified as PWD.

2. Using the qualified applicant pool as the benchmark, do triggers exist for PWD and/or PWTD among the new hires for any of the mission-critical occupations (MCO)? If "yes", please describe the triggers below. Select "n/a" if the applicant data is not available for your agency, and describe your plan to provide the data in the text box.

- a. New Hires for MCO (PWD) Answer N/A
- b. New Hires for MCO (PWTD) Answer N/A

See the response for C.1. above. We do not see this as a trigger at this time.

3. Using the relevant applicant pool as the benchmark, do triggers exist for PWD and/or PWTD among the qualified internal applicants for any of the mission-critical occupations (MCO)? If "yes", please describe the triggers below. Select "n/a" if the applicant data is not available for your agency, and describe your plan to provide the data in the text box.

- a. Qualified Applicants for MCO (PWD) Answer N/A
- b. Qualified Applicants for MCO (PWTD) Answer N/A

See the response for C.1. above. We do not see this as a trigger at this time.

4. Using the qualified applicant pool as the benchmark, do triggers exist for PWD and/or PWTD among employees promoted to any of the mission-critical occupations (MCO)? If "yes", please describe the triggers below. Select "n/a" if the applicant data is not available for your agency, and describe your plan to provide the data in the text box.

- a. Promotions for MCO (PWD) Answer N/A
- b. Promotions for MCO (PWTD) Answer N/A

See the response for C.1. above. We do not see this as a trigger at this time.

Section IV: Plan to Ensure Advancement Opportunities for Employees with Disabilities

Pursuant to 29 C.F.R. §1614.203(d)(1)(iii), agencies are required to provide sufficient advancement opportunities for employees with disabilities. Such activities might include specialized training and mentoring programs, career development opportunities, awards programs, promotions, and similar programs that address advancement. In this section, agencies should identify, and provide data on programs designed to ensure advancement opportunities for employees with disabilities.

A. ADVANCEMENT PROGRAM PLAN

Describe the agency's plan to ensure PWD, including PWTD, have sufficient opportunities for advancement.

This is currently under consideration in our SDNG Merit Placement program. The fact that the majority of our upper level positions are currently Title 32 dual status military technicians or Active Guard/Reserve (AGR) (similar to active duty) positions only offers the potential for advancement of PWD/PWTD to the GS12 level in the 200/300 occupation series. These select positions may provide potential upward mobility if/when they come open through our current SDNG Merit Placement program/union agreements and under the current merit placement program, PWD, PWTD would be afforded an equal opportunity to compete for them along side any other qualifying employee.

B. CAREER DEVELOPMENT OPPORTUNITES

1. Please describe the career development opportunities that the agency provides to its employees.

Career and Development Opportunities are per our SDNG Merit Placement program. The majority of our upper level positions are currently Title 32 dual status military technicians or Active Guard/Reserve (AGR) (similar to active duty) positions so advancement generally aligns with military rank progression and education. However, the basic rules of competition apply through our SDNG Merit Placement program/union agreements based on how the agency backfills the vacancy.

2. In the table below, please provide the data for career development opportunities that require competition and/or supervisory recommendation/approval to participate.

Career Development Opportunities	Total Participants		PWD		PWTD	
	Applicants (#)	Selectees (#)	Applicants (#)	Selectees (#)	Applicants (#)	Selectees (#)
Detail Programs						
Fellowship Programs						
Internship Programs						
Other Career Development Programs						
Coaching Programs						
Mentoring Programs						
Training Programs						

3. Do triggers exist for PWD among the applicants and/or selectees for any of the career development programs? (The appropriate benchmarks are the relevant applicant pool for the applicants and the applicant pool for selectees.) If “yes”, describe the trigger(s) in the text box. Select “n/a” if the applicant data is not available for your agency, and describe your plan to provide the data in the text box.

- a. Applicants (PWD) Answer N/A
- b. Selections (PWD) Answer N/A

We currently do not have any of these programs.

4. Do triggers exist for PWTD among the applicants and/or selectees for any of the career development programs? (The appropriate benchmarks are the relevant applicant pool for the applicants and the applicant pool for selectees.) If “yes”, describe the trigger(s) in the text box. Select “n/a” if the applicant data is not available for your agency, and describe your plan to provide the data in the text box.

- a. Applicants (PWTD) Answer N/A
- b. Selections (PWTD) Answer N/A

We currently do not have any of these programs.

C. AWARDS

1. Using the inclusion rate as the benchmark, does your agency have a trigger involving PWD and/or PWTD for any level of the time-off awards, bonuses, or other incentives? If “yes”, please describe the trigger(s) in the text box.

- a. Awards, Bonuses, & Incentives (PWD) Answer No
- b. Awards, Bonuses, & Incentives (PWTD) Answer No

Both the PWD/PWTD are included across all incentive categories except the Quality Step Increase.

2. Using the inclusion rate as the benchmark, does your agency have a trigger involving PWD and/or PWTD for quality step increases or performance-based pay increases? If “yes”, please describe the trigger(s) in the text box.

- a. Pay Increases (PWD) Answer No
- b. Pay Increases (PWTD) Answer No

Both the PWD/PWTD are included across all incentive categories except the Quality Step Increase. Standard time-based step increases are applied fairly across all groups of employees. See the executive summary for more detail.

3. If the agency has other types of employee recognition programs, are PWD and/or PWTD recognized disproportionately less than employees without disabilities? (The appropriate benchmark is the inclusion rate.) If “yes”, describe the employee recognition program and relevant data in the text box.

- a. Other Types of Recognition (PWD) Answer No
- b. Other Types of Recognition (PWTD) Answer No

The incentive programs are open to all employees and include the time off, on-the-spot cash awards, performance based cash awards and employee of the year cash awards. Diversity awards are available at the national level for nominations/consideration. See the executive summary for more detail.

D. PROMOTIONS

1. Does your agency have a trigger involving PWD among the qualified internal applicants and/or selectees for promotions to the senior grade levels? (The appropriate benchmarks are the relevant applicant pool for qualified internal applicants and the qualified applicant pool for selectees.) For non-GS pay plans, please use the approximate senior grade levels. If “yes”, describe the trigger(s) in the text box. Select “n/a” if the applicant data is not available for your agency, and describe your plan to provide the data in the text box.

a. SES

i. Qualified Internal Applicants (PWD) Answer N/A

ii. Internal Selections (PWD) Answer N/A

b. Grade GS-15

d. Grade GS-13

i. Qualified Internal Applicants (PWD) Answer N/A

ii. Internal Selections (PWD) Answer N/A

All senior grade level positions require military membership in order to apply/ compete/qualify for.

2. Does your agency have a trigger involving PWTD among the qualified internal applicants and/or selectees for promotions to the senior grade levels? (The appropriate benchmarks are the relevant applicant pool for qualified internal applicants and the qualified applicant pool for selectees.) For non-GS pay plans, please use the approximate senior grade levels. If “yes”, describe the trigger(s) in the text box. Select “n/a” if the applicant data is not available for your agency, and describe your plan to provide the data in the text box.

a. SES

i. Qualified Internal Applicants (PWTD) Answer N/A

ii. Internal Selections (PWTD) Answer N/A

b. Grade GS-15

ii. Internal Selections (PWTD) Answer N/A

d. Grade GS-13

i. Qualified Internal Applicants (PWTD) Answer N/A

ii. Internal Selections (PWTD) Answer N/A

All senior grade level positions require military membership in order to apply/ compete/qualify for.

3. Using the qualified applicant pool as the benchmark, does your agency have a trigger involving PWD among the new hires to the senior grade levels? For non-GS pay plans, please use the approximate senior grade levels. If “yes”, describe the trigger(s) in the text box. Select “n/a” if the applicant data is not available for your agency, and describe your plan to provide the data in the text box.

a. New Hires to SES (PWD) Answer N/A

b. New Hires to GS-15 (PWD) Answer N/A

c. New Hires to GS-14 (PWD) Answer N/A

d. New Hires to GS-13 (PWD) Answer N/A

All senior grade level positions require military membership in order to apply/ compete/qualify for.

4. Using the qualified applicant pool as the benchmark, does your agency have a trigger involving PWTD among the new hires to the senior grade levels? For non-GS pay plans, please use the approximate senior grade levels. If "yes", describe the trigger(s) in the text box. Select "n/a" if the applicant data is not available for your agency, and describe your plan to provide the data in the text box.

| c. New Hires to GS-14 (PWTD) | Answer | N/A |
| d. New Hires to GS-13 (PWTD) | Answer | N/A |

All senior grade level positions require military membership in order to apply/ compete/qualify for.

5. Does your agency have a trigger involving PWD among the qualified internal applicants and/or selectees for promotions to supervisory positions? (The appropriate benchmarks are the relevant applicant pool for qualified internal applicants and the qualified applicant pool for selectees.) If "yes", describe the trigger(s) in the text box. Select "n/a" if the applicant data is not available for your agency, and describe your plan to provide the data in the text box.

| i. Qualified Internal Applicants (PWD) | Answer | No |
| ii. Internal Selections (PWD) | Answer | No |

The majority of the career development opportunities come from the military sector based on rank, branch, military occupation, education and leadership background. Merit placement is currently under consideration based on the potential for advancement of PWD/PWTD to the GS12 level in the 200/300 occupation series. These select positions may provide potential upward mobility if/when they come open through our current SDNG Merit Placement program/union agreements just based how the agency backfills the vacancy. Schedule A and Veterans preference/disability are incorporated in our current SDNG Merit Placement program. Our PWD percentages in our total labor force for Total Managers is at 4.10% and among the T5/Civilian positions it is 12.73% - which indicate we are exceeding the 12% requirement among the positions eligible for consideration. No trigger exist at this time.

6. Does your agency have a trigger involving PWTD among the qualified internal applicants and/or selectees for promotions to supervisory positions? (The appropriate benchmarks are the relevant applicant pool for qualified internal applicants and the qualified applicant pool for selectees.) If "yes", describe the trigger(s) in the text box. Select "n/a" if the applicant data is not available for your agency, and describe your plan to provide the data in the text box.

The majority of the career development opportunities come from the military sector based on rank, branch, military occupation, education and leadership background and PWD/PWTD were not a consideration for the internal vacancies.

7. Using the qualified applicant pool as the benchmark, does your agency have a trigger involving PWD among the selectees for new hires to supervisory positions? If "yes", describe the trigger(s) in the text box. Select "n/a" if the applicant data is not available for your agency, and describe your plan to provide the data in the text box.

- a. New Hires for Executives (PWD) Answer N/A
- b. New Hires for Managers (PWD) Answer N/A
- c. New Hires for Supervisors (PWD) Answer N/A

The majority of the career development opportunities come from the military sector based on rank, branch, military occupation, education and leadership background and PWD/PWTD were not a consideration for the majority of new hires. Where we did open a T5/Civilian vacancy, and PWD and PWTD were eligible to complete we did not have anyone voluntarily identify in any category. However, our current PWD and PWTD percentages within our workforce are steady or even higher then last FY, so we do not consider this a trigger.

8. Using the qualified applicant pool as the benchmark, does your agency have a trigger involving PWTD among the selectees for new hires to supervisory positions? If "yes", describe the trigger(s) in the text box. Select "n/a" if the applicant data is not available for your agency, and describe your plan to provide the data in the text box.

- a. New Hires for Executives (PWTD) Answer N/A
- b. New Hires for Managers (PWTD) Answer N/A
- c. New Hires for Supervisors (PWTD) Answer N/A

The majority of the career development opportunities come from the military sector based on rank, branch, military occupation, education and leadership background and PWD/PWTD were not a consideration for the external vacancies or new hires.

Section V: Plan to Improve Retention of Persons with Disabilities

To be model employer for persons with disabilities, agencies must have policies and programs in place to retain employees with disabilities. In this section, agencies should: (1) analyze workforce separation data to identify barriers retaining employees with disabilities; (2) describe efforts to ensure accessibility of technology and facilities; and (3) provide information on the reasonable accommodation program and workplace assistance services.

A. VOLUNTARY AND INVOLUNTARY SEPARATIONS

1. In this reporting period, did the agency convert all eligible Schedule A employees with a disability into the competitive service after two years of satisfactory service (5 CFR § 213.3102(u)(6)(i))? If "no", please explain why the agency did not convert all eligible Schedule A employees.

Answer N/A

We currently do not have any employees appointed under Schedule A.

2. Using the inclusion rate as the benchmark, did the percentage of PWD among voluntary and involuntary separations exceed that of persons without disabilities? If "yes", describe the trigger below.

- a. Voluntary Separations (PWD) Answer No
- b. Involuntary Separations (PWD) Answer No

T5: There were a total of 4 resignations in the T5 employee group. Of the 4 - 2 employees identified as PWD and 1 as PWTD. 2 personnel left because their military spouse or family moved out of state for other employment. 1 personnel moved to a non-profit organization with higher pay. 1 person resigned and then utilized their active guard reserve retirement option to actually retire. We do not feel, based on the exit information these employees provided there is a trigger. All 4 separations were voluntary.

3. Using the inclusion rate as the benchmark, did the percentage of PWTD among voluntary and involuntary separations exceed that of persons without targeted disabilities? If "yes", describe the trigger below.

- a. Voluntary Separations (PWTD) Answer No
- b. Involuntary Separations (PWTD) Answer No

See question 2 above. N/A

4. If a trigger exists involving the separation rate of PWD and/or PWTD, please explain why they left the agency using exit interview results and other data sources.

See question 2 above. N/A

B. ACCESSIBILITY OF TECHNOLOGY AND FACILITIES

Pursuant to 29 CFR §1614.203(d)(4), federal agencies are required to inform applicants and employees of their rights under Section 508 of the Rehabilitation Act of 1973 (29 U.S.C. § 794(b), concerning the accessibility of agency technology, and the Architectural Barriers Act of 1968 (42 U.S.C. § 4151-4157), concerning the accessibility of agency facilities. In addition, agencies are required to inform individuals where to file complaints if other agencies are responsible for a violation.

1. Please provide the internet address on the agency's public website for its notice explaining employees' and applicants' rights under Section 508 of the Rehabilitation Act, including a description of how to file a complaint.

<https://sd.ng.mil/Pages/Home.aspx>

2. Please provide the internet address on the agency's public website for its notice explaining employees' and applicants' rights under the Architectural Barriers Act, including a description of how to file a complaint.

<https://sd.ng.mil/Pages/Home.aspx>

3. Describe any programs, policies, or practices that the agency has undertaken, or plans on undertaking over the next fiscal year, designed to improve accessibility of agency facilities and/or technology.

We updated our public/external website with the appropriate 508 compliance requirements. We posted our updated RA/PAS policy/ request procedures on the public/external website and update all contact information for personnel to contact us for other options available to provide the agency information to them. We also include agency contact information and the option for applicants to request RA/PAS on all vacancy announcements. The majority of our facilities were designed for military use, however we are taking a systematic approach to installing automatic doors for accessibility in any facility where our Title 5 civilian personnel may be required to conduct facility or unit assistance visits for their respective programs.

C. REASONABLE ACCOMMODATION PROGRAM

Pursuant to 29 C.F.R. § 1614.203(d)(3), agencies must adopt, post on their public website, and make available to all job applicants and employees, reasonable accommodation procedures.

1. Please provide the average time frame for processing initial requests for reasonable accommodations during the reporting period. (Please do not include previously approved requests with repetitive accommodations, such as interpreting services.)

24 Days on average to process in FY19. Other than COVID restriction requirements for telework or risk mitigation, we had no specific requests for RA/PAS submitted in FY20. We also didn't have any EEO complaints filed for denial of reasonable accommodation.

2. Describe the effectiveness of the policies, procedures, or practices to implement the agency's reasonable accommodation program. Some examples of an effective program include timely processing requests, timely providing approved accommodations, conducting training for managers and supervisors, and monitoring accommodation requests for trends.

The average days to process our RA/PAS requests fall well within the 30 day requirement per our RA/PAS policy and Standard Operating Procedures. No EEO complaints were filed in FY20 based on denial of reasonable accommodation or personal assistant services. Training is provided in the annual and refresher supervisors courses as well as any hiring workshops and in all new employee orientation presentations as well as a copy of the policy and SOP are on all internal and external websites. Also, cases are worked through an interactive process with the employee, supervisor and applicable subject matter experts in order to provide a recommendation/certification of the request to management for a final decision and pending approval/subsequent resourcing. The RA/PAS Coordinator facilitates this process upon receipt of a RA/PAS Request.

D. PERSONAL ASSISTANCE SERVICES ALLOWING EMPLOYEES TO PARTICIPATE IN THE WORKPLACE

Pursuant to 29 CFR §1614.203(d)(5), federal agencies, as an aspect of affirmative action, are required to provide personal assistance services (PAS) to employees who need them because of a targeted disability, unless doing so would impose an undue hardship on the agency.

Describe the effectiveness of the policies, procedures, or practices to implement the PAS requirement. Some examples of an effective program include timely processing requests for PAS, timely providing approved services, conducting training for managers and supervisors, and monitoring PAS requests for trends.

Our PAS is combined with the RA policy and SOP. The average days to process our RA/PAS requests fall well within the 30 day requirement per our RA/PAS policy and Standard Operating Procedures. No EEO complaints were filed in FY20 based on denial of reasonable accommodation or personal assistant services. Training is provided in the annual and refresher supervisors courses as well as any hiring workshops and in all new employee orientation presentations as well as a copy of the policy and SOP are on all internal and external websites. Also, cases are worked through an interactive process with the employee, supervisor and applicable subject matter experts in order to provide a recommendation/certification of the request to management for a final decision and pending approval/subsequent resourcing. The RA/PAS Coordinator facilitates this process upon receipt of a RA/PAS Request.

Section VI: EEO Complaint and Findings Data

A. EEO COMPLAINT DATA INVOLVING HARASSMENT

1. During the last fiscal year, did a higher percentage of PWD file a formal EEO complaint alleging harassment, as compared to the government-wide average?

Answer N/A

2. During the last fiscal year, did any complaints alleging harassment based on disability status result in a finding of discrimination or a settlement agreement?

Answer N/A

3. If the agency had one or more findings of discrimination alleging harassment based on disability status during the last fiscal year, please describe the corrective measures taken by the agency.

N/A - no EEO complaints were filed in FY20

B. EEO COMPLAINT DATA INVOLVING REASONABLE ACCOMMODATION

1. During the last fiscal year, did a higher percentage of PWD file a formal EEO complaint alleging failure to provide a reasonable accommodation, as compared to the government-wide average?

Answer N/A

2. During the last fiscal year, did any complaints alleging failure to provide reasonable accommodation result in a finding of discrimination or a settlement agreement?

Answer N/A

3. If the agency had one or more findings of discrimination involving the failure to provide a reasonable accommodation during the last fiscal year, please describe the corrective measures taken by the agency.

N/A - no EEO complaints were filed in FY20

Section VII: Identification and Removal of Barriers

Element D of MD-715 requires agencies to conduct a barrier analysis when a trigger suggests that a policy, procedure, or practice may be impeding the employment opportunities of a protected EEO group.

1. Has the agency identified any barriers (policies, procedures, and/or practices) that affect employment opportunities for PWD and/or PWTD?

Answer Yes

2. Has the agency established a plan to correct the barrier(s) involving PWD and/or PWTD?

Answer N/A

3. Identify each trigger and plan to remove the barrier(s), including the identified barrier(s), objective(s), responsible official(s), planned activities, and, where applicable, accomplishments

4. Please explain the factor(s) that prevented the agency from timely completing any of the planned activities.

We continue to work on accurate applicant flow data and workforce data for barrier analysis. Training for our HRO/Staffing Section on utilization of Schedule A preference and hiring opportunities would be beneficial. Lastly, an active recruiter for the WRP program in our state/local area to help in the recruitment of PWD/PWTD would be a major step in creating an applicant pool and awareness of the internship and employment opportunities.

5. For the planned activities that were completed, please describe the actual impact of those activities toward eliminating the barrier(s).

The implementation of the RA/PAS policy and SOP has impacted employees needing accommodations in a positive manner as well as helped management and supervisors with alternate courses of action to support employees and continue to get work accomplished. We plan to conduct a re-survey of our workforce for the voluntary identification of PWD/PWTD.

6. If the planned activities did not correct the trigger(s) and/or barrier(s), please describe how the agency intends to improve the plan for the next fiscal year.

We will continue to pursue better applicant flow data and accountability in USA Staffing/Jobs for the tracking of applicant information. Continually evaluate our policies and procedures for improvements and compliance. Continue to train on RA/PAS in the applicable training courses. Initiate routine case reviews of RA/PAS requests to ensure timely processing and track trends for identification of triggers or courses of action where management can take proactive measures to improve the workplace for PWD/PWTD and all employees. Determine the feasibility of establishing a specific line item budget to support RA/PAS request resourcing needs.
